ABOUT ME

I'm Melad Duraid Daoud, a front-end web developer and UI/UX designer. I hold a bachelor's degree from the University of Technology, graduating in the top 10 of my class. Specializing in Computer Science with a focus on the Multimedia branch, I'm passionate about creating seamless user experiences and visually captivating interfaces. Constantly driven by a thirst for learning and innovation, I'm dedicated to pushing boundaries and exploring new technologies.

MY EXPERIENCE

A fusion of frontend development and UI/UX design, navigating the digital landscape with innovation and precision.

MY EDUCATION

My education has been fundamental in shaping my knowledge and skills. This section outlines the key institutions, degrees, and training that have prepared me for my professional journey.

- **Bachelor's degree in computer science [2020 - 2024] :**
I hold a Bachelor's degree in Computer Science from the University of Technology, with a specialization in multimedia. I ranked in the top 10 of the entire Computer Science department and was the second highest in the multimedia branch.

- **MASARAT / Front-end Web Development [2023] :**
A course under the auspices of USAID as part of the MASARAT initiative, delivered by Makers as a component of a project aimed at fostering the skills of Iraqi programmers and developers. This course is dedicated to in-depth exploration of front-end web development.

- **Computiq / Digitalize-web [2022] :**
A program focused on comprehensive full-stack web development. During this course, I extensively delved into the MERN Stack, deriving substantial value from it, and completed numerous projects closely aligned with the course content.

STRENGTH PPOINTS

- My unique blend of skills as a Front-End Web Developer and UI/UX Designer empowers me to seamlessly connect the worlds of design and development, fostering effective communication throughout the project lifecycle.

- I am recognized for my steadfast dedication to project deadlines, consistently ensuring the timely delivery of tasks and projects.

- My proficiency extends to essential tools and technologies like Firebase, Material-UI (MUI), Tailwind CSS, Git, and GitHub, allowing me to harness these resources to enhance project efficiency and collaboration.
